NOTICE!!!

Please, follow our skating school calendar from here:

PARKING

It is good to arrive a little bit earlier to the ice rinks. It is nice to change the skates without a hurry. Be prepared that the ice rink parking areas are congested and sometimes it takes time to find a parking place.

We are also careful about that we do not park our cars for the disabled places and zeepra crossings. We all drive slowly because there is a lot of little skaters coming and going in and out the ice rink.

NAMELABELS

Please, wear the skating school`s namelable everytime when skating in skating school. It is good for the instructor if she needs to contact parents during the lessons.

CHANGING ROOMS

From Ice Rink lobbies you will find a notice board (Espoonlahti: on the wall right next to the bulletin board and Matinkylä janitor's booth on the wall immediately to the right), on this board you will find the skating school`s locker room number of the current skating day. Harmonious and smooth ice rink will remain among the users, when we are in accordance with the guidelines.

Dressing rooms are only for skaters, and we hope that no more than one parent to help the skater. This way the dressing room does not get too crowded.

ICE EXPENDITURE AND EXIT

Barrier boxes by the ice are often very crowded and they are intended only for skaters. Parents can follow the skaters up to the gate of a barrier box. This way the smallest skaters don`t have to stay behind the adults.

Parents can see the skating lessons at the stands. This way it is easier for the skaters to concentrate on teaching.

COSTUME PARTY-WEEK

As our skating schools calendar says, we will have costume party-week in our skating schools Monday to Sunday 27.10.-2.11.2014.

You can wear costume on ice. Please, check that you can skate well when you have your costume on. And costume does not drop anything onto the ice for safety reasons.
